

Farm Maintenance Program

“Landscaping” services for your farm

Blackjack Lands introduces a new program tailored to the specific needs of farm owners and managers. Think of it as landscaping services for your farm instead of your house. With the scarcity and rising costs of labor and the high price and endless maintenance issues of farm equipment, it makes sense to contract out a certain portion of your yearly farm maintenance.

We offer the following services:

- Bushhogging (mowing with 16Ft. Batwing mower) pastures and fields
- Herbicide applications
- Fertilizer applications
- Planting (overseeding and/or rejuvenation seeding with no-till drill)
- Aeration (with 9 ft. “Agrivator”)
- Controlled burns
- General Maintenance - i.e. Fence row cleanup, Trail maintenance, Road work, etc.
- More...

Let us set up a yearly program tailored to your particular farm. From one visit per year to four visits per year; we can structure a program to suit your needs and budget.

See the benefits of **reduced labor costs, reduced equipment costs, reliability, and efficiency**. We are in business to satisfy your needs. We will be there when we say we will and perform a professional, efficient service.

Call us today to schedule a consultation and maintenance program proposal for your farm.

Jim Walker (205)365-5205 Thomas Morrison (205)288-1365 Mason Payne (205)790-2304
